Appl. Serial No. 09/419,475

In the Claims:

Claims 1-25 (cancelled)

Claim 26 (see new claim 36)

Claim 27 (see new claim 37)

Claims 28 and 29 (cancelled)

Claims 30-34 (withdrawn)

Claim 35 (cancelled)

36. (represented -- formerly dependent claim 26) A computer program product for use with a data processing system for monitoring and evaluating guard patrols of one or more sites, said computer program product comprising:

    (a)   a computer usable medium including:

        (1)   computer readable program code means embodied in said medium for gathering information obtained from one or more checkpoints during a guard patrol of one or more sites;

        (2)   computer readable program code means embodied in said medium for detecting when said gathered information is ready to be downloaded into said data processing system; and

        (3)   computer readable program code means embodied in said medium for downloading said gathered information into said data processing system; and

    (b)   computer readable program code means for printing one or more reports to a printer of said information obtained from one or more checkpoints during a guard patrol, said reports comprising customization selected from the group consisting of logos, cover sheets, photographs, detailed headings, bitmaps, watermarks, drawings, illustrations, trademarks, and patrol statistics.

[handwritten annotations in margin: "Combining claims 17, 22, 26", "claim 17", "CLAIM 22", "claim 26"]
